

TruStile is excited to partner directly with customers to provide pre-hung MDF and stain-grade doors. TruStile's pre-hung units are built using the finest materials, superior product construction and quality craftsmanship. Available as either pre-hung units or knock-down jambs, TruStile can provide any width and any species for any door style, even fire-rated doors up to 90-minute.

It all starts with the highest quality materials and options to meet your needs

- Twenty different stain-grade wood options to match both TruStile and TruStile Reserve™ wood doors
- Two paint-grade jamb material options
 - Solid poplar available for all jamb sizes
 - Finger-jointed poplar available in most popular sizes
- Single rabbeted and double rabbeted configurations available
- Flat jambs feature superior $\frac{3}{8}$ " thick stops built with precise miter joints providing a higher finish quality when compared with butt-jointed stops on typical commodity jambs
- Virtually any jamb width available for any wall thickness
- Ball-bearing hinges, which are longer lasting and built to support a solid door, come standard on every unit
 - Square corners provide a polished, architecturally-correct look
 - Available in 10 of the most popular finishes

TruStile's premium packaging solution for pre-hung doors protects each unit from the factory to the jobsite. This makes storage, delivery and installation quick and easy.
