TYPICAL MODERN DOORS.

# INTERPRETATION

Finally, a modern take on classic stile and rail door construction. Clean, strong lines. Custom design options. Bold accents. This collection radically alters the concept of what a door can bring to today's modern and contemporary designs.

TM9420 in MDF with Radius reveal and Square Stick (SS) compression fit glass. The pair features White Lami glass while the single door has Petal glass.

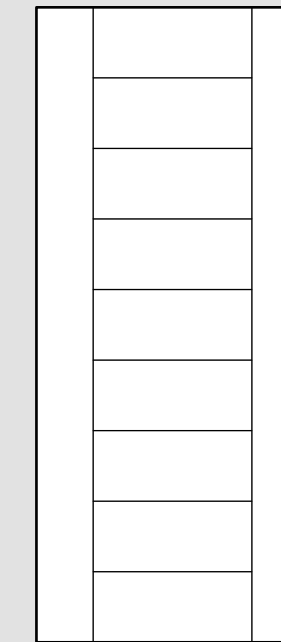

TM Door Collection: Customization

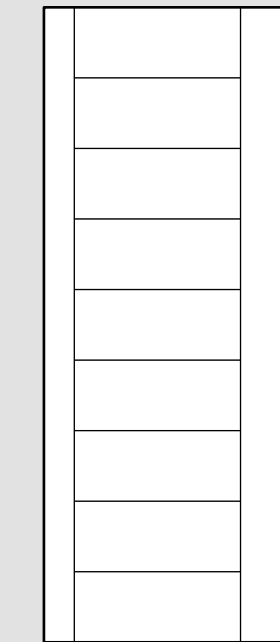

Our TruModern™ collection features over 100 contemporary door styles and is centered around crisp, stacked rails constructed in our authentic stile and rail method. Separate components fit together with 90 degree joinery creating crisp lines and dimension. Virtually unlimited configuration options allow you to meet your modern design objectives.

Unlike flush doors, TruStile's construction method provides the flexibility to incorporate bold accents into the clean simple lines of your doors. Choose from modern wide stiles, organic asymmetric stiles or our standard 5-inch stile width.

Dress up your base design by substituting panels with a variety of inspiring material inserts – from glass and resin to leather or metal.

WHAT A DIFFERENCE A TRUSTILE DOOR MAKES.

# DIMENSION

Make a clever style statement before ever entering the room. We have transformed the door into a critical design element that opens up the possibilities for complete coordination.

FAR FROM BASIC.  
ANYTHING BUT BORING.

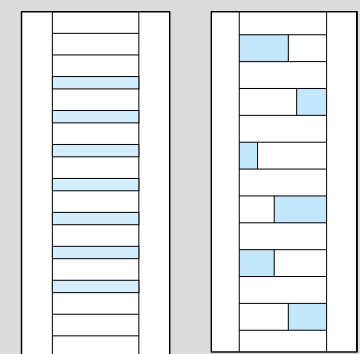

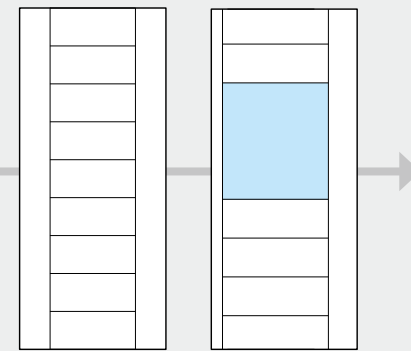

SPARKLE

Thanks to newly innovative manufacturing techniques, glass has retaken its rightful place in interior design. Sandblasting, etching and digital technology offer fresh possibilities for sophisticated applications of glass to brilliant interiors.

**1**

### DOOR STYLE

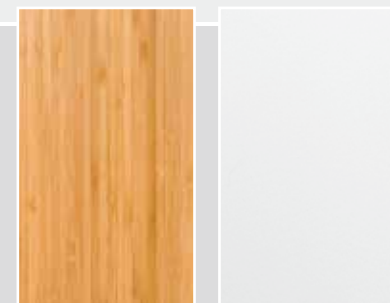

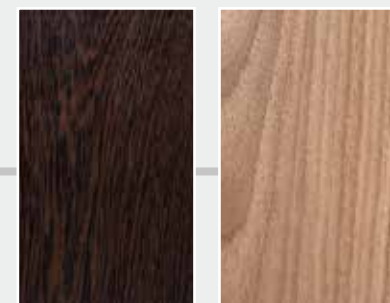

Choose a TM door style (available in 9 or 13 rail configurations) with or without inserts. Then select a stile option: wide, asymmetric or standard 5-inch.

**2**

### WOOD SPECIES

Select from 20 wood species or paint-grade MDF.

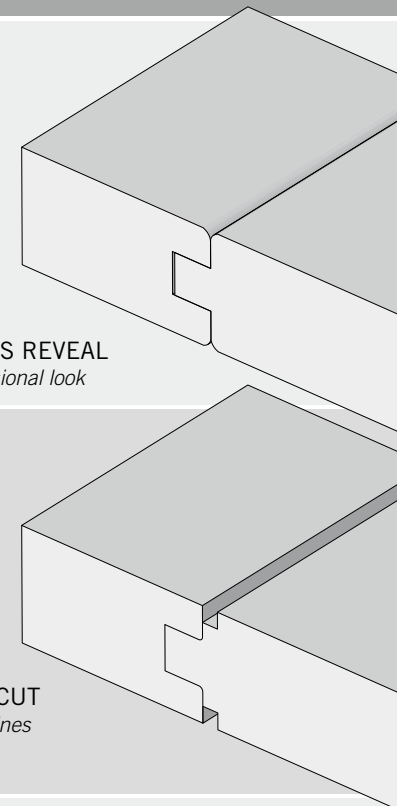

**3**

### REVEAL OPTION

Define the design with minimalist appeal and detail. *Reveal options only available on stacked rail doors*

**4a**

### MATERIAL INSERTS

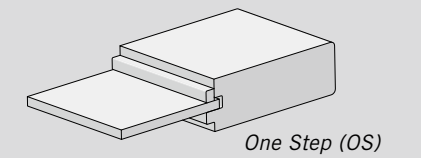

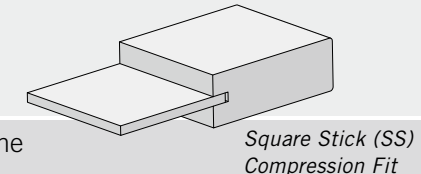

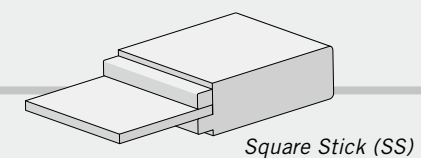

If your door style has an insert (shown in blue) choose from glass, resin, leather, metal or a flat wood panel.

**4b**

### STICKING OPTIONS

If you choose to substitute a rail with one of the materials (from step 4), elect a profile option to frame the insert: SS or OS

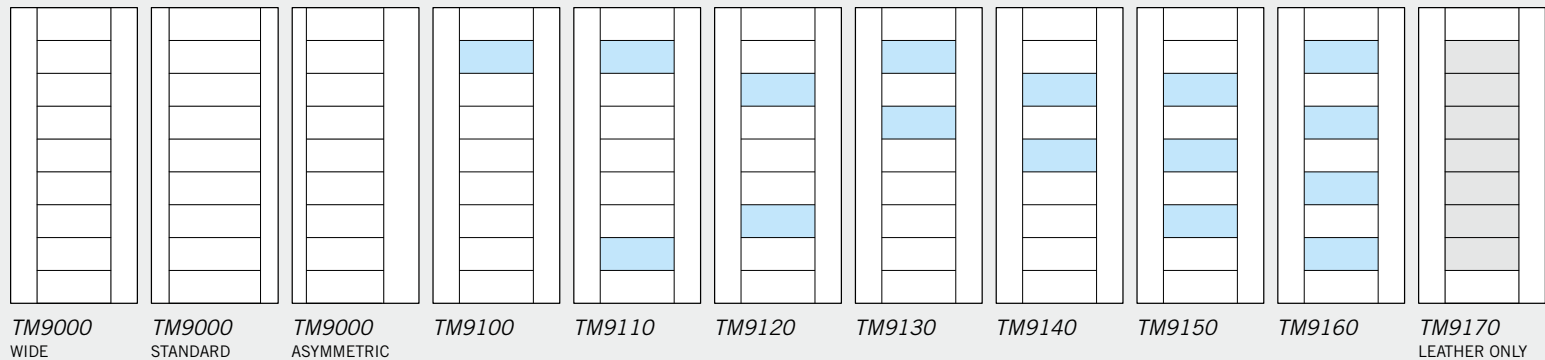

**5**

### CUSTOM DIMENSIONS

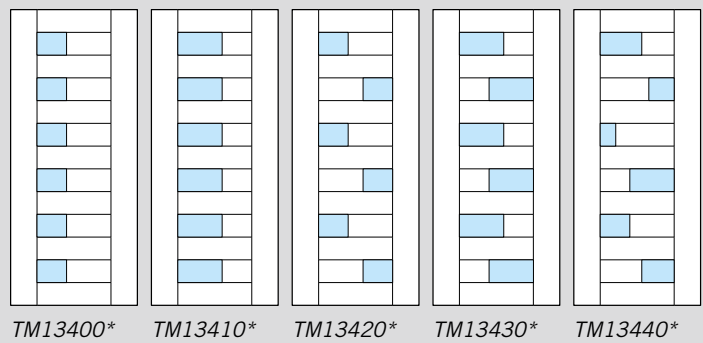

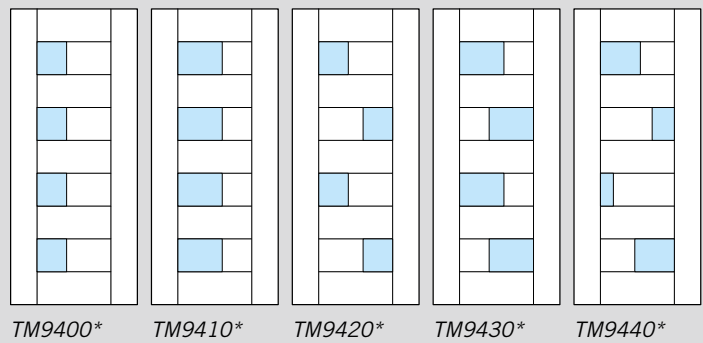

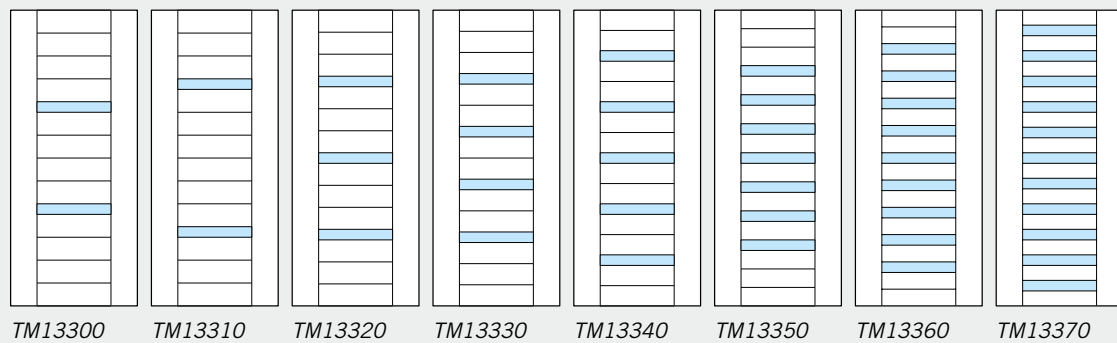

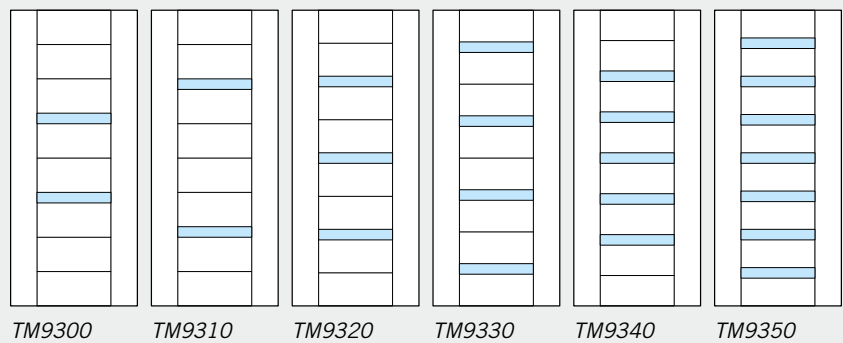

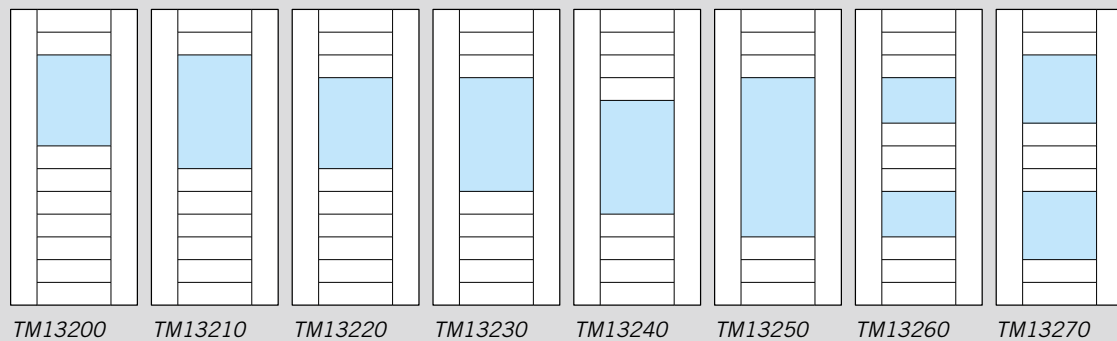

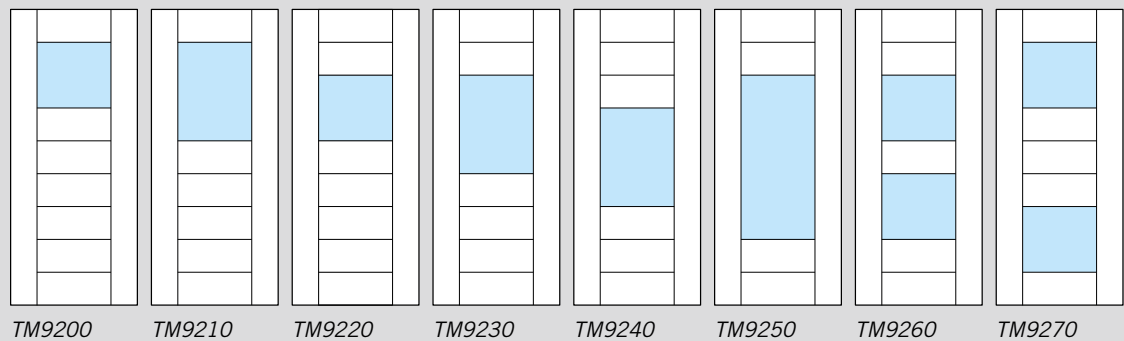

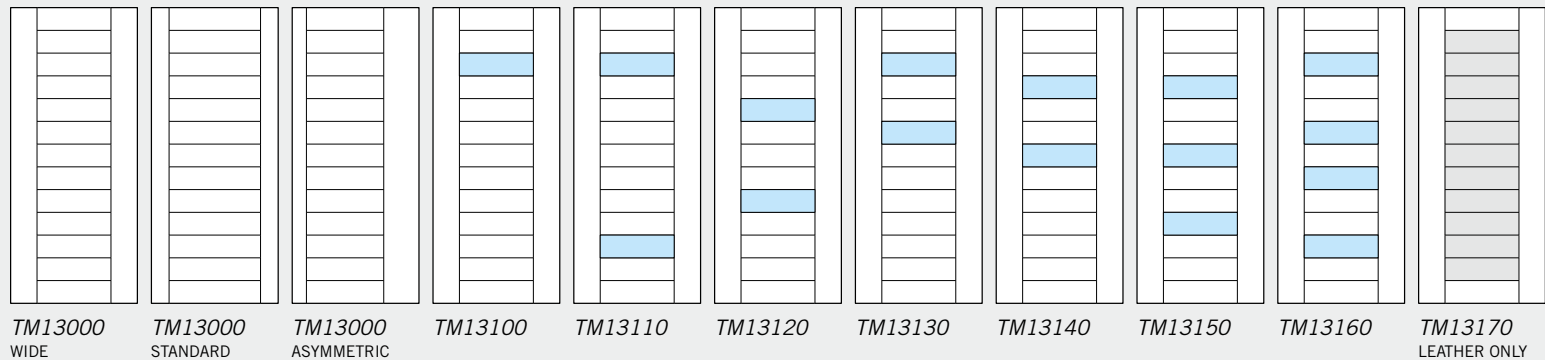

Further customize your door design by changing the stile and rail dimensions.

# TRŪMODERN: WOOD SPECIES

## Stain-grade Wood Species

TruStile offers the broadest selection of wood species on the market. Our doors are made with hand-selected wood of the highest quality. All wood species are available FSC® certified which ensures responsible forestry.

## Paint-grade MDF

TruStile pioneered the use of MDF (medium density fiberboard) for interior doors. MDF is engineered from recycled wood fiber and is the green choice for painted doors. Our super-refined MDF is smooth, consistent and free of knots for a perfect paint finish.

**Bamboo:** *Eco-friendly and renewable.*

**LVL:** *Engineered with an urban appeal.*

**Wenge:** *Naturally dramatic and prominent texture.*
