

TS3160 in MDF with Bolection Moulding (BM) and Raised (A) Panel

TM13340 in Walnut with Edelman[®] Royal Hide Pewter Leather

Driven by Design

TruStile believes doors are a critical design element in today's home. We support this vision by offering the broadest product line and the highest quality product in the door industry.

With more than 400 styles or any custom design available in paintable MDF (medium density fiberboard) or any stain-grade wood, TruStile can fulfill any design requirement. All TruStile doors feature architecturally correct stile & rail construction, the highest quality materials and are backed by a lifetime warranty.

TS7010 in MDF with Roman Ogee (OG) Sticking and Raised (A) Panel

PL404 in MDF with Wave Glass, Roman Ogee (OG) Sticking, Flat (C) Panel

TS5120 in Cherry with Wenge Insert, Square Stick (SS) Sticking and Flat (C) Panel

Perfection is in the Details:

Most standard door products feature bland styles and construction methods that are designed to lower costs, rather than provide architectural detail. In contrast, all TruStile doors are built with time-tested stile & rail construction, which provides crisp, distinct lines and sharp profiles. These details result in doors that can truly enhance and differentiate an architectural setting, rather than simply fill an opening.

TM86120 in MDF with bevel profile

Radius-Top TS6090 in Knotty Alder with Square Stick (SS) Sticking and Raised (A) Panel

Any Door, Any Style, Any Size:

At TruStile, we have developed a manufacturing capability that allows us to provide literally any door style for any sized opening. Every door we make is built to order, providing customers the flexibility to specify the exact style and size they require for each and every door opening.
