Traditional Jambs

TruStile has streamlined the ordering process and made it easy to design jamb solutions for every opening. Choose from stain-grade and paint-grade materials to match the doors and casing of your space.

Our traditional jambs are available pre-hung, or as a knockdown assembly, and are available with fire ratings. Choose from a variety of configurations including single or double rabbet jambs or flat jambs with applied stop.

A white door with a Roman Ogee (OG) sticking, a Raised (A) panel, a louver panel, and a Frosted glass panel. The door is set in a modern bathroom with a white vanity, a mirror, and a bathtub. The door is open, revealing the interior of the bathroom. The door has a silver handle and three hinges. The bathroom has a white marble floor, a white wall, and a white ceiling. A chandelier is visible in the background.

TS2060 in MDF with Roman Ogee (OG) sticking, Raised (A) panel, louver panel and Frosted glass. Flat jamb, in finger-jointed poplar, with applied stop.
